

The Centre for the AIDS Programme of Research in South Africa (CAPRISA) invites graduates to be part of a dynamic and diverse research, with opportunities to collaborate with leading South African and International AIDS scientists conducting cutting-edge research.

CAPRISA is seeking to offer a 12-month training opportunity in conducting clinical/medical research in HIV/AIDS, TB, and COVID-19. The training program is structured to bring out the very best in each successful candidate and an opportunity to excel in clinical/medical research.

Applications are invited from candidates with a strong desire to pursue a career in medical research, who are currently unemployed, and have completed a qualification (graduates) in the field of study of *Life/Health Sciences (Laboratory Medicine, Pharmacy, Epidemiology, Clinical Medicine, etc.)*

How to apply

- Visit www.caprisa.org
- Click the Fellowship Programme Tab
- Download the CAPRISA Graduate Programme application form and submit it with the following:
